# Safety and Health Specialist Certificate Program

## Application

A Safety and Health Specialist Certificate in Construction, General Industry, Industrial Hygiene Technician, or Fire Prevention & Life Safety is awarded to candidates who successfully complete the core and elective requirements listed by area of specialty. Participants in the Safety and Health Specialist Certificate Program can tailor their course requirements to meet specific workplace safety needs. Courses listed under multiple certificates allow the participant to apply for and work on more than one certificate with each course completion. **All courses applied toward certificate program(s) must be taken within 5 years of completion date (completion date must be within 5 years from the oldest class being applied to certificate completion).** Please plan accordingly.

Please complete this application form and return to:

**OSHA Education Center/Keene State College**  
1050 Perimeter Rd., Suite 202  
Manchester, NH 03103  
  
or fax: 603.645.0080

Approved course transfers are accepted from any OSHA Training Institute Education Center in the United States. Up to three comparable OTI Education Center transfer courses may be applied to each certificate program.

A \$55.00 **non-refundable** application fee for each certificate program in which you are enrolling **must accompany this initial application form.** Please make checks payable to **Keene State College.**

# Safety and Health Specialist Certificate Program

## Completion Form

Please retain this form and the Course Completion Record grid. When you are registering for the final course requirement for your certificate program, complete this form and the appropriate course record grid (see the following pages.) Only include copies of course completion certificates if transferring from another OSHA Education Center

email to: [oshaed@keene.edu](mailto:oshaed@keene.edu); fax: 603.645.0080  
mail to: Keene State College Safety Education Center  
1050 Perimeter Rd., Suite  
202 Manchester, NH 03103

Your Safety and Health Specialist Certificate will be available at your final course if this is sent in a timely manner, and if all course requirements have been met. Those enrolled in certificate programs under a prior format may continue with those tracks as planned OR opt to follow the new tracks to certificate completion...whichever best suits your schedule and knowledge requirements.
